2. Create your own storybook by writing a story and illustrating it with pictures. You can use any topic that interests you, such as animals, space or fantasy.

A large rectangular box with a black border, containing 15 horizontal lines for writing a story. The lines are evenly spaced and extend across the width of the box.

3. Write down five new words you learned during your break and their meanings. Use these words in a sentence to practice your grammar skills.

[illegible]

4. Read the comprehension and answer the questions that follow.

I have a pet dog named Max. He is a cute and friendly dog with brown fur and floppy ears. Max loves to play fetch and go for walks in the park.

Every morning, I take Max for a walk around the neighborhood. He loves to sniff around and explore all the different smells. Sometimes, we even meet other dogs and Max gets to play with them.

When we get back home, Max likes to take a nap in his cozy bed. He snores really loudly and it always makes me laugh.

Max is a great companion and he always makes me happy. I love spending time with him and taking care of him.

1. What is the name of the pet dog in the passage?

2. What does Max like to do in the park?

3. What does Max do when he gets back home?

4. How does the author feel about Max?

5. What is your favorite thing to do with your pet (If you have one)?

5. Choose a family member and ask them about their childhood or a favorite memory. Write down their answers and practice your listening and writing skills.

[illegible]

6. Read the comprehension and answer the questions that follow.

Title: The Seasons

There are four seasons in a year: spring, summer, fall, and winter. Each season has its own unique characteristics and activities.

Spring is the season of new beginnings. The weather starts to get warmer, flowers start to bloom, and birds return from their winter migration. People often plant gardens and go on picnics during this time.

Summer is the season of sunshine and warmth. People often go to the beach, swim in pools, and have barbecues. Schools are also out during the summer, so it's a great time to take vacations and travel.

Fall, also known as autumn, is the season of change. The leaves on the trees start to change color and fall off, and the weather starts to get cooler. People often go apple picking and visit pumpkin patches during this time.

Winter is the season of snow and cold. People often go ice skating, sledding, and build snowmen. Holidays like Christmas and Hanukkah also take place during the winter.

Each season brings its own unique experiences and memories. It's fun to celebrate and enjoy each one.

1. How many seasons are there in a year?

2. What happens in spring?

3. What activities do people often do during the summer?

4. What happens to the leaves in the fall?
